

Tavoletto Bed/ Desk Combo

From desk to bed in the blink of an eye

Häfele presents an extremely sophisticated fitting that turns a bed into a desk and vice versa in just a few steps. One furniture, multiple functions – the ideal solution where space is at a premium.

The Highlight: Without the workstation needs to be cleared it turns into a bed by just folding it down. The unique movement of this intelligent hardware system ensures that the table top is always in a horizontal position. It glides down without anything on the desk moves or falls off.

With the bed opened there is still ample space between the worktop and the bed. Everything on the worktop can remain and does not need to be taken off.

With a few steps the bed is folded back and again becomes a workstation.

Tavoletto is available in two versions for mattress sizes 900 x 2000 mm and 1400 x 2000 mm.

Working desk position

Translational motion of desk to lower and upper position

Bed position - without clearing the items on the desk.
