**— Beauty  
to hold:  
Handles that  
make the  
difference.**

— **H**ow much spirit of optimism can there be in a furniture handle? In the new Häfele Furniture Handles Collection 2021 you will find handles that show the courage to be new and innovative.

They come from renowned German design studios such as byform productdesign and Sartory Design. Well-known international design greats like Addison Weeks, Ken Harroff, Matthew Quinn and Belwith Keeler from the USA, and the Italian architect and designer Mario Mazzer enrich the 2021 collection with their designs. They have all made it their mission to rethink the tried and tested again and again. With a great sense of quality and function, but also a great passion for good design.

This creates something reliable but also beautiful that is used and appreciated. And which – best case – you enjoy anew every day.

## **Elegance with a subtle twist.**

 This handle is inspired by the lightness of a diagonally folded fabric ribbon. The result is a skilfully crafted handle that is second to none. From one cast. Elegantly curved. As unmistakable as your own handwriting.

## **Spot on for a top-class performer.**

———— This handle combines strong contrasts: Harmonious circles combined with a stringent design. Black and white – the expressive colour contrast that never goes out of fashion and is so wonderfully changeable. Elegant, a little extravagant and thus perfect for unusual stagings.

## **Loft appeal you can touch.**

————— Cylinders of different sizes unite to form a handle. It lies well in the hand and draws the eye to the surface design. Brushed nickel and polished chrome emphasise the minimalist cylindrical shape. Zinc plated antique brings the rough charm of the industrial style into play.
