HÄFELE

Smart ON

YOU'RE ALWAYS HOME

Häfele's smart locks come with advanced features making your life easier, since you no longer depend on mechanical keys which are easy to lose, to be stolen and duplicated. Accessing your home is much easier, quicker, and safer with your smart-cards, passwords, fingerprints, and cellphone being the key. The locks' cutting-edge security technologies, meanwhile, help protect your home from break-in risks. Your life is now not only more convenient but secure as well.

HÄFELE - WHERE TRUST WAS BUILT FROM COMPETENCE

Founded in Germany in 1923, Häfele is a world-renowned provider of smart home and project solutions. Häfele's superior range of products not only exemplifies German quality standards, but is developed with the philosophy of "functionality" and "easiness" in mind to offer reliable solutions for both professionals and consumers.

Since the establishment in Malaysia in 1993, Häfele has been continuously improving and expanding its products and services, making the key components of Malaysian homes - door security as well as kitchen, wardrobe and the home appliances to a much more efficient spaces.

With innovative solutions, adherence to high standards and a dedicated team, Häfele Malaysia looks to create more modern and optimal living spaces for Malaysia today and in the future.

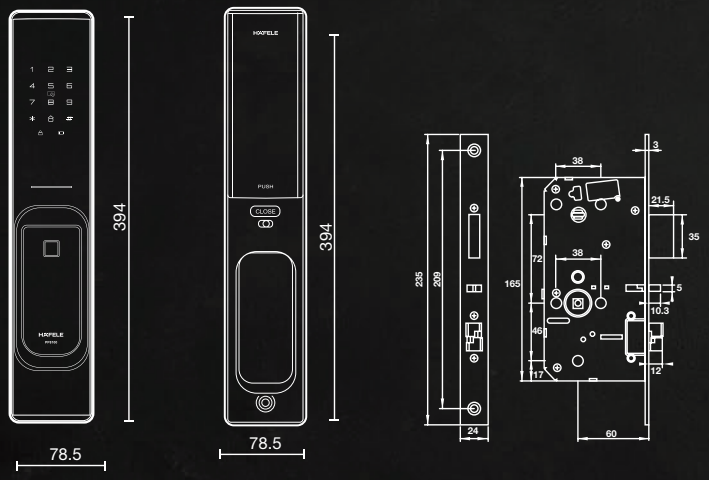
DIGITAL LOCK **PP8100**

Art. No 912.05.697 | MYR 2,980



Drawing dimension in mm

*Price is subject to change without prior notice *Price listed is exclusive of sales and service tax (SST)

PP8100 FEATURES

Dimension

> Door thickness 38 - 90 mm
> Front 78.5 (W) x 394 (H) x 69.5 (D) mm
> Back 78.5 (W) x 394 (H) x 69.5 (D) mm

Material

> AL, ZN, ABS

Operation

> Register up to 100 fingerprint
> Register up to 100 smart card
> Register up to 10 password
> 1 master password
> Color: Black
> Manage by master password & user password
> Double verification function by combine 2 in 3 access ways (Fingerprint/ password/ smart key tag)
> Password exposure-proof function by using fake pin code
> Build-in privacy mode from indoor
> More safety with away mode
> Automatic and manual locking mode are changeable
> Freezing in 5 minutes after the wrong code entry limit 10 times
> Voice guide (English/ Chinese)
> Low battery alarm function
> Silence mode can be activated when needed
> Smart home integration with Z-wave module

Supplied with

> 1 x Front & rear module
> 1 x Mortise lock & striking plate (left & right)
> 1 x Set of fixing material
> 1 x User manual
> 1 x Installation template
> 8 x AA alkaline battery
> 2 x Smart card

ESSENTIAL IN EVERY HOME AND PROPERTY

Multiple entry modes
Works with PIN codes, bluetooth keys on smartphone, and emergency physical keys.

Mobile app-enabled
Grant access to your home when you're away, and set duration of PIN codes or bluetooth keys.

Works offline
Our encryption technology allows your lock to work without internet connectivity, increasing reliability against WiFi hacking.

Keyless convenience
No more hassle of locating forgotten keys and no more frustration of accidental lock-outs.

View access logs
Monitor when visitors enter your home for peace of mind. PIN code access logs are updated whenever the master owner uses a bluetooth key.

Automate Check-in
Airbnb hosts can sync listing calendars with their igloohome account so that PIN codes are automatically created for guests.

* Fees apply

* App interface, product appearance, and specifications are subject to continuous enhancements or modifications.

App-Controlled

To get started, download HÄFELE lock app from the App Store or Google Play store.

Register for an account and follow instructions on screen to pair device.

For best results, lock should be within 3m (10ft) bluetooth range to your smart device. HÄFELE app requires mobile internet connection.

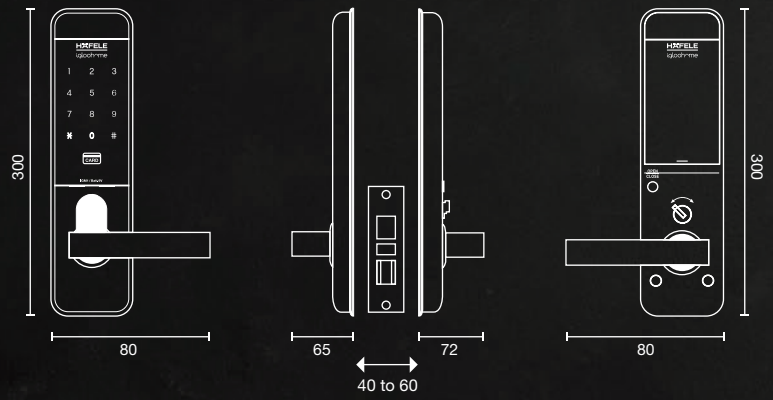
Available on the App Store

ANDROID APP ON Google play

SMART **MORTISE LOCK**

Art. No 912.05.384 | MYR 2,500

Superior security and cutting-edge technology now come in a premium form - the HÄFELE Smart Mortise Lock. Manufactured in the best factories in Korea, it is outstanding in quality, and comes packed with smart features.



Drawing dimension in mm

*Price is subject to change without prior notice *Price listed is exclusive of sales and service tax (SST)

MORTISE FEATURES

Security Lockout Mode
If an invalid PIN code is entered 5 times,
the keybox will stop operating for 1 minute.

Low battery Warning
A beep sound and red flashing keypad
indicates when battery power runs slow.

Anti-Panic Exit System
Allows you to open the door by simply
pulling down on the lock handle from inside,
without twisting a separate thumbturn.

Electro Static Discharge Prevention
The circuit board is protected from the
damages incurred from a high voltage surge.

Tamper Alarm
The lock will sound if intruders attempt
to pry the lock from the door.

Emergency Power Supply
When lock alkaline battery are flat, an external
DC9V alkaline battery can be used to jump-start
the keybox.

Fire Alarm
When the sensor detects a temperature
between 50-70 degree celsius inside the house,
the Mortise will unlock automatically.

Volume Adjusting
Select the volume of the lock that
suits your needs.

Sensor Re-Lock
The lock will re-lock when the door is closed.

Specifications

Door compatibility	
Door thickness	40mm to 60mm
Type of door	Wooden doors (right / left-hand compatible)
Dimensions
